Dear John:

We are in receipt of your letter dated May 31, 1984 and are concerned that the person making the final inspection for release of our bond, is not the person who made the original inspection and conditional release of the bond.

You state that our bond is subject to forfeiture upon this inspection. We formally request that the person or persons involved in the original inspection when our bond was partially released and then set the conditions for full release of the bond, be involved with this site inspection.

Please contact me upon review with the Division of Oil, Gas and Mining.

Very truly yours,

ENERCOR

RE: Certificate of Deposit No. 101675 (ML 21202 OG&H)

Dear Mr. Lindsay:

I intend to inspect final reclamation in early June on Enercor's work site under the above-numbered lease. Failure of Enercor to have satisfactorily completed reclamation work by May 30, 1984, as per our prior agreements, may result in forfeiture of your bond, certificate of deposit no. 101675.

I suspect that you or your representative may wish to accompany me on this inspection tour. Please contact me immediately so that we can coordinate our plans in this regard.

Sincerely yours,

JOHN T. BLAKE
